

Application Postmark Deadline: September 15th

Thank you for your interest in the Ronald McDonald House Charities of Bismarck's Community Grant Program for Children. In keeping with our mission to help improve the lives of children and their families, RMHC-Bismarck supports other area 501(c)3 organizations that help children reach their fullest potential.

In partnership with Global RMHC, we provide grants to not-for-profit organizations whose programs directly help children in three distinct areas, (prioritized in order of their consideration by the committee):

- Health Care and Medical Research
- Civic and Social Services
- Education and the Arts

We will consider grant requests from organizations in the region served by RMHC- Bismarck: western North Dakota (west of Jamestown) and northwestern South Dakota and Montana border communities.

RMHC Global provides a 1:1 match for any funds granted by RMHC- Bismarck. Cash matches are not required from the grant applicants. The support of the Bismarck Ronald McDonald House remains the top priority for RMHC of Bismarck; however, the addition of this new community grant program allows the Charity to reach additional children in the region.

The attached guidelines are provided to help your organization prepare a successful grant application. Please read them carefully and include all of the information requested with your proposal. Due to the large number of requests we receive, incomplete proposals will not be reviewed by the RMHC Grant Committee. Also, although your organization may send a completed application, we cannot fund all programs because of national matching funds limitations.

Again, thank you for your request for information about our grant program. The postmark deadline for grant applications is **September 15**. If you have questions or comments, please call our office at (701) 258-8551.

Sincerely,

Kathy Keiser
Executive Director
